PINE-OIL LAMPS.—Three years' past experience has proved that Gold's patent pine-oil
amps are the cheapest and best in use; one lamp lamps are the cheapest and best in use; one lamp will give as much light as ten sperm candles, at the cost of half a cent an hour. To this kind of lamp no accident can occur, and the oil containing no greese, will not injure the finest carpets, if turned over upon them. They are not only superior to lard lamps, &c., but to gas and the best gas fixtures in the world, or to any other lamps burning any kind of oil. For sale by
